

ASCÉNDER PROJECTS

Opera Grand Avignon , France

ARCHITECTS: **Fabre-Speller Architectes / Kanju Scénographie**

The Avignon Opera House is a radical renovation of a 19th-century building in the heart of Avignon, France. Ascénder worked in this project in conjunction with Kanju Scénographie to provide innovative technical solutions.....

Théâtre des Champs Elysées, France

ARCHITECTS: **Atelier Monchecourt & Co.**

The Champs-Élysées Theater was built in 1913 with a mixed art deco and classic style, due to the architect Auguste Perret and the sculptor Antoine Bourdelle. It is the headquarters of the National Orchestra of France and one of the temples of classical music in Paris...

F.X. Šalda Theatre, Czech Republic

INTERIOR CONSULTANT: **Mepro Atelier**

The Soukenické Theatre in Liberec burned down in 1879 and one year after a public competition for a new theatre was declared in the year 1880 and closed in March 1881. Although the project by the architects Hans Miksch and Heinrich Niedzielský from Vienna was awarded the first prize...
