

Marseille (FRANCE) Le Stade Vélodrome

This outstanding French stadium built in 1937 has been totally renovated for the 2016 UEFA European Championship. And as part of the spectacular result, ASCENDER supplied both the Players' benches and 1,400 Club seats for the 8,500 m2 of private lounges in the Jean Bouin stand. The chairs supplied for the Business, Premium and Presidential areas were customized as per the customer's requirements: cup holder, double arms for additional comfort and white plastic back shells matching the white artificial leather upholstery that had to be UV resistant and AM18 French fire tested. The new home for OM is now a new symbol of the city as the Old Port and the "Bonne Mère".

Brussels (BELGIUM) Constant Vaden Stock Stadium

This legendary 30,000 seat stadium upgraded his Business & Premium lounges with our BACO Sports model. All chairs were riser fixed for better cleaning and upholstered in the mythical purple color of R.S.C Anderlecht with its logo embroidered in the back.

Doha (Qatar) Jasir Bin Hamad Stadium

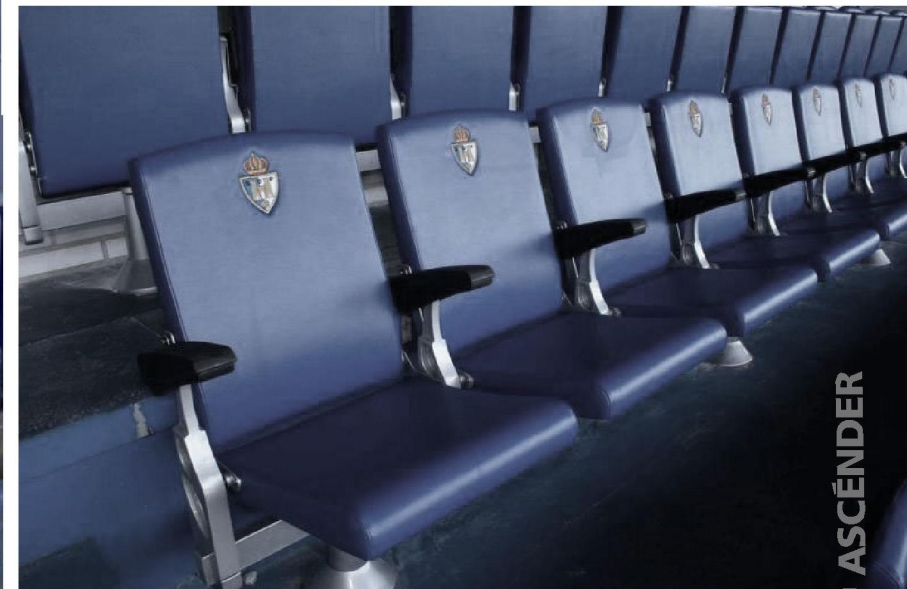

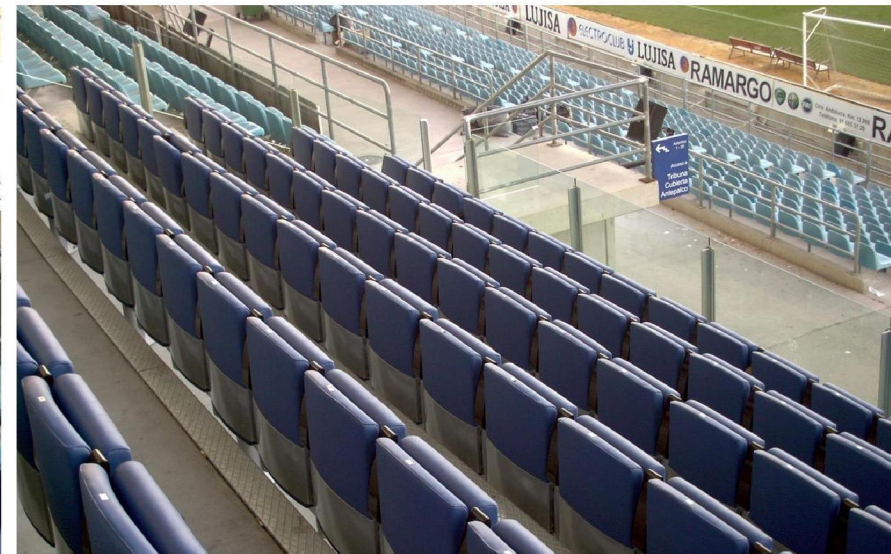

Also known as “al Sadd stadium” it is a multi-purpose stadium currently used mostly for football matches and famous for its air conditioning technology that gives breath to the attendance when getting exhausting high temperatures. The BACO Sports model used here for the VIP area in a different configuration: central pedestal, long polypropylene arms with integrated cup holder and upholstery in two color artificial leather matching the local team’s uniform.

Getafe (SPAIN) Coliseum Alfonso Pérez

Home of the Getafe F.C. team, this stadium went for the Space Max chair for its VIP section - a compact solution transformed into a big chair when seat & back are synchronized with the movement of the arm.

Kaspysk (RUSSIA) Anzhi Arena

The new 45,000 seater arena built in 2013 selected the OLYMPO chair from ASCENDER for its VIP SKYBOXES: a chair with central pedestal, fully upholstered in green artificial leather and 45° tip up seat.

Doha(QATAR) Duhail Handball Sports Hall

This venue will play a key role in the 2015 World Men's Handball Championships being one of three locations selected to host the participating teams. Our NOVA model with the fixed seat upholstered in fine leather has been installed in the VIP area of this magnificent arena.

Koper (SLOVENIA)

Bonifika Stadium

During its last major reconstruction, ASCENDER supplied the Players' Benches for this stadium home of FC Koper.

Gijón (SPAIN) Estadio El Molinón

As part of our complete offer of seating for Premium areas, ASCENDER has several solutions for the Press Areas (indoor & outdoor) - see pictures of our Javier Desk model at the Press Room of Sporting FC.
